INTRODUCTION

I am an Information Technology student at Nguyen Tat Thanh University, experienced in C++, C#, HTML, CSS, JavaScript, and proficient in Git and Azure. I am eager to learn, work diligently, and enhance my skills through real-world projects. My goal is to deliver practical solutions and become an essential contributor to the success of the company's team.

WORK EXPERIENCE

Enrollment Advisory Collaborator

2022-2024

Nguyen Tat Thanh University

- Offered guidance on academic programs through Fanpage and Zalo platforms.
- Assisted prospective students with registration via the Call Center and during high school recruitment events.
- Supported enrollment and career orientation activities, ensuring clear and effective communication.
